Unprecedented access to information has placed patients on the driver's seat. Now, more than ever before, patients are more knowledgeable about their treatments, and the options available to them.

- Minimal-prep
- Conventional - prep
- Full-wrap

The **morning** session will address:

- The Ten Artistic & Scientific Principles of Smile Design
- A methodical approach to score a smile (modified Dental Aesthetic Index mDAI)

The hands-on **afternoon** session on anatomical models for the attendees will comprise of:

- Teeth preparation required to provide minimal-prep veneers
